

DON'T LET THE TORIES TURN BACK THE CLOCK!

WOMEN'S CHOICE IS UNDER ATTACK

- ◆ The Conservatives supported Bill C-484 which would have given personhood to the fetus and was an attack on abortion rights by stealth.
- ◆ Minister of Health Tony Clement has refused to intervene to allow clinic abortions to be funded in New Brunswick.
- ◆ Anti-choice judges have been appointed to the courts.

Stephen Harper, your anti-choice agenda is showing!
